ENHANCE ADULT LEARNERS DIGITAL SKILLS FOR FURNITURE INDUSTRY

PROJECT NUMBER:
2018-1-BG01-KA204-047923

Co-funded by the Erasmus+ Programme of the European Union

TARGET GROUP

The problem addressed in the project is the need for further training of adult trainers to enable them to teach digital skills with more efficient results and using ICT based instruments, as a precondition for improving the digital skills of low skilled adults and for supporting them in becoming more employable and socially integrated.

- Adult educators, providing training in Digital skills and Industry 4.0 for low-skilled adult learners in Furniture sector
- Adult education organizations and trainers
- Training providers on digital skills
- HEIs
- Research centers
- Policy makers
- Third sector

AIM AND OBJECTIVES

The aim is to support adult trainers in acquiring the necessary competences for teaching digital skills to low skilled adults in Furniture industry, in order to guarantee the future furniture sector sustainable development and to foster their employability, socio-educational and professional development.

Project objectives are to develop training program for trainers, educational materials and innovative instruments:

- for supporting the training on digital skills
- for low-skilled adult employees in Furniture sector

EXPECTED RESULTS

- **Training Programme for trainers**, aimed at providing training in Digital skills and Industry 4.0 for low-skilled Adult learners in Furniture industry
- **Educational Kit** for training on Digital skills and Industry 4.0 for Adult learners in Furniture industry
- **DigiFind Platform** for providing learning content and activities for trainers and adult learners in Furniture industry
- 1 European Consultation Seminar in Italy
- 5 National Consultation Workshops in Bulgaria, Italy, Germany, Poland and Romania
- Final European Dissemination Conference in Bulgaria
