KOCAELI: THE PRODUCTION CENTER OF THE COUNTRY'S INDUSTRY

The most important aspects that identify Kocaeli are its rich industry and its investment potential. The province's economy is built on its industry, as it contributes on its own to 13% of Turkey's manufacturing industry production. In recent years, Kocaeli is preferred by both domestic and foreign investors, several automotive industries, such as Ford, Hyundai, Honda and Isuzuc established facilities in the region. In addition, the region is also home to giants in the tyre sector such as Goodyear, Pirelli, Lassa-Bridgestone and Özka tires. In fact Kocaeli's automotive industry contributes to 34.02% of Turkey's total automotive industry.

The chemical industry is also well represented in the region with the presence of the biggest company in Turkey, the Turkish Petroleum Refineries Co.

Today 2,200 important industrial companies, including 252 foreign-owned accounts, are based in Kocaeli. In fact, 26 companies of the 100 biggest companies of Turkey are based in Kocaeli and 87 companies from Kocaeli are in the country's top 500 list.

Another important aspect of the city is that 12.4 % of Turkey's tax revenues come from the industry in Kocaeli. The tax revenues generated in Kocaeli are equal to the resources provided by 73 other Turkish cities.

Furthermore, Kocaeli has a significant potential in terms of foreign trade. In 2013, the exportation amounted to 18.421 billion USD, whereas importations of 51.457 billion USD were realised. These values can be explained by the excellent shipping facilities that Kocaeli offers. The companies located in Kocaeli can deliver their products all over the world thanks to 35 ports, special piers, motorway and railway infrastructures.

INDUSTRIAL ZONES, TECHNO-PARKS AND FREE ZONES IN KOCAELI

The investments in Kocaeli are being encouraged in industrial zones, techno-parks and in free zones.

More precisely, 13 industrial zones, 3 techno-parks, as well as 2 free regions are located in Kocaeli.

Instead of investments in heavy industry, Kocaeli prepares for advanced technology and high value-added investments. The techno-parks of GOSB, KOU and TÜBİTAK are planned for small productions. The TÜBİTAK techno-park is a free zone, where important developments in software technology are being implemented.
